## Juicing just got smooth with Moulinex

Jason Vale, known to millions as 'The Juice Master' health guru, has teamed up with Moulinex to launch the ultimate in juicers – the **Moulinex Juice Master Complete**.

The new Juice Master Complete is the perfect combination of a high power blender with a high power juicer, giving you total flexibility and a 2-in-1 solution to the way you choose to drink your full quota of fruit and vegetables.

Fancy a banana and orange smoothie for breakfast? Then just drop a 1.5 litre blender jug with lid onto the power base for the perfect power-packed drink. Want a cooling vitamin-packed combo of ginger, apple and melon? It takes just seconds to swap the blender for a juicer with 500 ml pulp container – it could not be easier.

It is the perfect development – a combi product that fits everyone's lifestyles.

"We all know that we need to eat more fresh fruit and vegetables, but today's modern way of living can make it difficult to prepare and cook the fresh food a healthy diet requires," says Jason Vale. "Fresh fruit and vegetable juices and smoothies are the ultimate fast food. They take seconds to prepare, are packed full of vitamins and essential nutrients – and taste great. This new Moulinex Juice Master Complete combines the best of both worlds. It offers total flexibility and nutritious high energy food at a touch of a button."

The Moulinex Juice Master Complete has a RSP of £59.99. It will be available from June 2005 and will come with a free Jason Vale health book worth £8.99.
